JSC «CONTAINER TERMINAL SAINT-PETERSBURG» (CTSP)

CONTAINER TERMINAL SAINT-PETERSBURG CJSC (CTSP) is a modern container handling facility within the territory of Big Port St. Petersburg. It specializes in handling of all types of container cargo including refrigerated containers, oversize and dangerous goods.

The company is among the key projects in the development programme of UCL Port, stevedoring division of the international transportation group Universal Cargo Logistics Holding (UCL Holding).

The terminal is fitted with the advanced high-tech equipment and automated control system ensuring high productivity of technological procedures.

In 2018 CTSP retains its leadership among container terminals of Russia in terms of the volume handled 722 030 TEUs.
